# Ability Channel Feed is a software solution that manages all of your e-commerce channels in one data feed.

**We help you sell more in e-channels, get new customers, and manage less.**

**Sell more in e-channels.**

Position products better.  
Motivate buyers.

**Get new customers.**

Retain new customers.  
Win back customers.

**Manage less.**

Automatic inventory update.  
Worry-free data feed.

• **Elevate your product position in Amazon and other e-channels-- bringing you more sales.**

Our merchandisers improve and monitor factors that keep your products high on the list.

• **Create a sense of buying urgency with frequent promotions and incentives.**

Our merchandisers develop and implement product promotions that skyrocket your sales.

• **Expand your customer base. Convert one-time buyers into long-term customers.**

Our merchandisers will create in-the-box promotions that keep customers coming back.

• **Our e-channel experts keep you in good standing with Amazon's guidelines.**

Our tools help you resolve A-to-Z claims and undo the damage caused by negative reviews.

• **Automatically update your data feed in all of your e-channels.**

Eliminate the need for time consuming data entry. Set automatic inventory thresholds.

• **Never worry about requirement changes from Amazon or other vendors.**

Our XML programmers keep you in compliance—diagnosing errors and rectifying failed files on your amazon rss feed.
